

Irrigation and Spraying Horticulturist Role at our Yatala Nursery

We are seeking a trained professional to join our SE Queensland site, Yatala (between Brisbane and Gold Coast). This is a fantastic opportunity for an energetic, motivated person to join one of Australia's largest wholesale nursery organisations.

We need an experienced horticulturist to fill in a full time permanent position within our maintenance team, specifically, but not limited to pest and diseases and irrigation management. Must have great attention to detail and be highly organised.

Skills and experience required:

- Qualifications in Horticulture, Cert 3 minimum or equivalent experience.
- Minimum 3 years' experience in Horticulture, preferably in a wholesale nursery, but not limited (horticulture crop production, golf courses, etc)
- Sound skills in plant identification.
- Sound skills in pest and diseases identification
- Sound knowledge of irrigation systems and repair
- Practical knowledge of WHS.
- High level of written and verbal communication skills.
- Own transportation.
- Must be willing to work outside working hours when chemical spraying or irrigation repairs
- Chemical certificate (ACDC or Chemcert) highly desirable or willing to undertake qualification

If you feel you fit the above criteria, please email your resume with a cover letter to jose@andreasengreen.com.au
Salary to commensurate experience and qualifications

Only candidates shortlisted for interview will be contacted
