

NURSERY MANAGER - WHOLESALE NURSERY

Mangrove Mountain Central Coast NSW

Andreasens Green are seeking to appoint an outstanding Nursery Manager. This is a great opportunity to join at a senior level and fulfill an important position in the Management Team and learn from experienced industry leaders.

This role involves:

- Responsible for a team of 20
- One Assistant Manager and five strong Team Leaders already exist and report direct to you.
- Large scale plant production including trees
- Water resource management
- Lead site safety
- Must be experienced at achieving production targets and budgets.

The successful candidate will;

- be a very experienced Nursery Manager
- have an appropriate trade qualification
- have led teams of at least 15 people
- have a strong commitment to developing talent

Andreasens Green is New South Wales leading landscape horticulture business, and we continue to grow. We take pride in providing a 'one stop solution' for our clients and are a dynamic privately owned business looking for great people to join us in enriching our customer's journey.

If you have a strong Nursery skill and a passion for horticulture this is an exceptional opportunity with strong development potential for the right candidate. We are seeking unique candidates that will complement our fantastic team and actively support our growth.

If you feel that you meet these requirements and would excel in this environment, apply online ASAP, or forward your current CV to tara@andreasengreen.com.au.
